INFORMATION DISCLOSURE STATEMENT

Sir:

It is respectfully requested that the references listed below be considered by the Patent and Trademark Office in the above-identified application and made of record

therein.

This statement is believed to be in conformance with the provisions of 37 CFR 1.97 and 1.98, including submission of the enclosed full text copies of pertinent portions of the non-English language references. A completed form PTO/SB/08A, "Information Disclosure Statement by Applicant" is also enclosed, listing the cited documents and references for an indication that they have been considered by the Examiner. A copy of the Search Report issued in corresponding PCT/EPO3/011817 is also included.

No fee is considered necessary for filing of this Information Disclosure Statement (IDS) since the IDS, the International Search Report and the information contained therein are being submitted together with the new application documents.

Without any assertion of prior art effect, the documents on the attached List of Documents are cited by applicants for the Examiner who may consider the documents material to the examination of this application. All of the documents are in the English language with exception of commonly owned German application No. DE 101 19 302, the German language article, for which no English language translation is available, and of German People's Republic application No. DD 215 776. It is noted that German application DE 101 19 302 has a counter-part U.S. Published Patent Application No. 2004/0118157, also cited herein. Accordingly, the relevance of the documents has not been briefly indicated, except for DD 215 776, which is discussed in the application Background Art at page 1, lines 9-30. The Examiner is urged to make an independent

determination of relevance and an independent search of the prior art.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Vangelis Economou', written in a cursive style.
